

THE CONSTITUTIONAL CONVENTION.

The question of having a Constitutional Convention which will meet at this city, will be determined by the vote of Tuesday. The question has been widely discussed by the press, and there seems to be a general feeling that a Convention is necessary, yet it is held by many that the necessary changes can be made by proper legislation.

So far the Legislature, by reason of technicalities, etc., has failed to give the people the relief sought for, and it is held that a Convention composed of representative men of both parties would simplify the Constitution and place the State in a position to effect much needed economies. Many in this city who are advocating the Convention, urge that it will bring people to Carson from all parts of the State.

If nothing can be said in favor of the Convention but this, there is no special necessity of its meeting and its usefulness should be urged on broader grounds.

The Democratic State Convention declared in favor of the Convention, but the Republican platform left it to the people as an open question.

The Republican tickets for Ormsby are printed against the Constitutional Convention and the Democratic tickets are in favor of it.

Each voter, whether Democrat or Republican, should scan his ticket and see that he votes as he wants to on this question, which is one of considerable importance.

NOTHING BUT RACE PREJUDICE.

The California State campaign is being conducted on both sides on the lines of race prejudice.

The accusations made against candidates are for the purpose of alienating the votes of the Irish, the Germans, Italians, etc.

Both parties are reaching out in every direction for the foreign vote, but no attempt whatever is being made to catch the American vote.

An American can curse his own countrymen to his heart's content, but if during his whole life he has ever spoken or written a line against any foreigner, the charges are rung in on him during the entire campaign.

No wonder that the foreign element regards itself with importance.

Some day, in its desperation to catch the foreign vote, some party will introduce a bill in Congress to strike from the Constitution of the United States the clause providing that the President must be a native born American, and a majority of our law-makers will be falling over each other to get a chance to vote for it.

STRATEGY, MY BOY.

Austin Reveille: That was a master piece of strategy of the Democrats in the several counties throughout the State in not putting up a Democratic Legislative ticket in opposition to Senator Jones, supposing thereby to keep Mr. Jones from putting any money in the field, thinking probably by so doing they would have a possible chance of electing some of their State ticket. Mr. Winers' man Friday is circulating through the largest mining camps of the State with Theodore's sack, in order to make a moneyed fight for Governor. They tried the no Legislative nomination racket on Humboldt county. But Joe Organ, an old Democratic war-horse of that county caught onto the racket and wouldn't have it that way. He was too smart for Gold Ring's partner, and insisted on a Legislative ticket being put in the field. Joe always has his eye on the sack, he knows it works and thinks there is no contest without it, and proposes to have a full ticket in the field, win or lose.

Boisford is gaining strength daily in the Sheriff fight.

Platform and Resolutions

The Republican party of Ormsby County, in convention assembled, renews its pledges of faith in and allegiance to the doctrine and principles of the Republican party, which in the future as in the past will continue to advocate to the people the broadest and most enlightened freedom, consistent with safety to the State, and the perpetuity of our form of government.

Resolved, That this Convention pledges its nominees to recognize in the administration of the office of Ormsby County and the State of Nevada in the interest of all the people, as to the reduction of the rate of taxation to the sum consistent with good government.

Resolved, That we heartily appreciate the efforts of Senators John P. Jones, William M. Stewart and Congressman H. P. Hart in behalf of the reorganization of silver, and in abolishing the office of interest to our people.

Resolved, That the nominee of this Convention be pledged to support Hon. John P. Jones for United States Senator to succeed himself.

Resolved, That we heartily endorse the admission of the late Governor C. C. Stevenson and the late Lieutenant Governor H. C. Davis, and extend our sincere sympathy to their survivors and families.

We most heartily endorse the platform adopted by the Republican State Convention at Virginia City, as a manifest and creative declaration of principles suited to the necessities and demands of the people of the State.
